

### REMARKS

Claims 48-82 were allowed with an Examiners amendment authorized by the undersigned. In an interview on August 24, 2004, the Beurrier U.S. Patent No. 5,306,281 was discussed relative to claim 48 and the amendment entered by the Examiner. The Examiner agreed that the claim would be allowable. In a subsequent discussion with the Examiner on August 30, the Applicant discussed the further amendment "by a user." The Examiner indicated that the amendment would be acceptable in an amendment after allowance.

Regarding the Statement of Reasons for Allowance, other reasons for allowance of any of the claims may exist.

If for any reason the Examiner is unable to enter the amendment above, he is respectfully requested to contact the undersigned attorneys at (312) 321-4200.

Respectfully submitted,

---
